# FOREWORD

---

Monday Afternoon Club of Baguio was founded in 1933 by Americans living in the Philippine Islands. Now it is a cosmopolitan women's club, still predominately American, devoted to charitable aid to Filipinos in a number of widely differing ways.

It was thought that the favorite recipes of such a group of women would be unique in their international derivation, and would be of wide interest, whilst the sale of the book would bring in much needed money for the charitable projects.

Because of the wonderful success of the first edition in 1963 of the cookbook called "Our Favorite Recipes" the women of the Monday Afternoon Club are revising it and including some new recipes. Monies from the sale of this new edition will again be used for charitable projects.

Some of the recipes have been contributed by friends of members generously giving the club their well-tried favorites. A few of the recipes are similar but none is exactly the same as another. The result varies slightly to suit different tastes.

To make the book readily understood by all, the editors have included a table of metric, avoirdupois and other equivalents, a glossary of foreign words and hints on adjusting quantities for altitude.

We in the Philippines wish you all

GOOD COOKING!

## CORN MEAL CRISPS

- |                                      |                         |
|--------------------------------------|-------------------------|
| 1 cup yellow corn meal               | $\frac{1}{4}$ tsp. soda |
| $\frac{1}{2}$ cup sifted white flour | 2 tbs. melted butter    |
| $\frac{1}{2}$ tsp. salt              | $\frac{1}{3}$ cup milk  |

Sift together corn meal, flour, salt and soda, and mix in shortening and milk. Knead on lightly floured board until mixture just holds together. Break off small marble size pieces and roll out into very thin, 4 in. rounds. Leave edges ragged. Bake on an *ungreased* cookie sheet until golden brown — about 15 min. at 350°.

When ready to serve brush with melted butter and sprinkle with salt. This recipe makes about 20 crisps. Very good with broiled or fried fish. Also good with any of the cocktail dips — onion, cheese, avocado, shrimp, etc.

*Judy Davidson*

## OLIVE BITES

- 25 pitted ripe olives or green stuffed
- 2 to 3 tbs. finely minced green onion
- 4 oz. sharp cheddar cheese (about 1 cup, grated)
- $\frac{1}{2}$  cup sifted flour
- $\frac{1}{4}$  tsp. salt
- $\frac{1}{8}$  tsp. dry mustard
- 3 tbs. butter or margarine, melted and slightly cooled
- 1 tsp. milk
- 1 or 2 drops Tabasco sauce

Stuff ripe olives with onions or slice of almond and set aside. Sift flour, salt and mustard into a bowl. Mix in the cheese. Stir in a mixture of butter or margarine. Mix in Tabasco sauce. Use about 1 tsp. of dough for each olive. Shape dough around olives, completely covering them. Place on baking sheet. Bake at 400°F. 10 to 12 min. Makes 25 Olive Bites.

*Kate C. Reed*

## SWISS FONDU

Shred  $\frac{1}{2}$  pound Swiss cheese, preferably imported; dredge with  $1\frac{1}{2}$  tbs. flour. Rub earthenware casserole well with clove of garlic. Pour 1 cup light dry white wine into pan; set over low flame. When air bubbles rise to surface, *before* boiling point, stir with fork and add cheese by handfuls; dissolve each handful before adding the next. Stir until mixture starts bubbling lightly; add salt and pepper to taste and a dash of nutmeg if desired. The above preparation can be done much ahead of serving time in the top of the double boiler and kept warm over the boiling water, then transferred to the casserole for serving. When ready to serve, stir in 3 tbs. Kirsch; mix thoroughly.

To serve: Keep fondue bubbling lightly. Spear bite-size piece of French bread with fork, dunk bread in fondue with stirring motion and eat. Each guest dunks his own bread in the fondue. If fondue becomes too thick stir in a little preheated wine. Keep heat low when, towards the end, the melted cheese forms a brown crust, a special delicacy, at bottom of the utensil. Makes 4 servings.

This can be served as an *hors d'oeuvre* for a cocktail party. Or, it is a good luncheon dish, served with a fruit salad. Or, it is a good supper dish served with slivered beef on skewers, fried in deep fat with meat sauces for the beef, fruit salad and a light dessert.

## EMPANADAS

Make up your flakiest pie crust recipe; chill until used.

- |                                                     |                                                                 |
|-----------------------------------------------------|-----------------------------------------------------------------|
| 1/2 lb. finely chopped meat,<br>either beef or pork | 1 tsp. sugar                                                    |
| 3 med. onions                                       | Chilli pepper sauce or chilli<br>powder (filling should be hot) |
| 1 ripe tomato                                       | 1 tbs. flour                                                    |
| 2 green peppers                                     | Salt to taste                                                   |
| 1 clove garlic                                      |                                                                 |

A small stuffed olive for each empanada or chopped hard boiled eggs are optional, but they add greatly to the flavor.

Chop vegetables very fine and fry in a little salad oil until well cooked. Add meat, seasoning and flour. Stir and cook 15 min.

Cut chilled pastry into small pieces. Roll into thin rounds. Place a spoonful of filling on each round with an olive. Wet edges of pastry with a little cold water. Fold over and press with wet fork.

These empanadas may either be baked in a hot oven (400°F.) or fried in deep fat. The oven is usually preferred. Brush with beaten egg after baking.

These are little meat pies used for the cocktail hour. Larger ones can be part of the regular meal.

## BANANA COCKTAIL

Diced banana  
1 tblsp. tomato sauce  
1/2 tblsp. vinegar or lemon juice

## PICKLED SHRIMP

2½ pound shrimp  
3½ teaspoon salt  
½ cup celery tops  
¼ cup mixed pickling spices  
1 pint onions, sliced  
7 or 8 bay leaves

Cover shrimp with boiling water, add all remaining ingredients except onions and bay leaves. Cook 10 minutes. Alternate layers of shrimp and onion in dish. Add bay leaves.

### *Marinade:*

1½ cup salad oil  
¾ cup white vinegar  
1½ to 2½ teaspoon salt  
1½ to 2½ teaspoon celery seed  
1½ to 2½ tablespoon capers and juice  
1 to 2 drops tabasco sauce

Combine above ingredients and pour over shrimp and onions. Cover and refrigerate for at least 24 hours.

*Note:* The ideal container for this recipe is a Tupperware with lid that snaps tight (or any other plastic container with lid.) This enables you to turn container upside down every few hours so that shrimps are thoroughly marinated.

## FROZEN GREEN PEA SOUP

- 2 pkgs. frozen green peas
- 2 cups milk or 1 cup milk and 1 cup cream
- 2 tsps. sugar
- 1 tsp. salt
- 2 tbs. butter

(optional—1 to 2 tablespoons grated onion which I usually saute.)

Cook peas with sugar and salt according to instructions and save all juice. Cool and put through blender. Add milk and or cream to blended mixture. Saute onions in butter and add to mixture. Sometimes I use a little garlic salt too. Stir over low heat for a half hour or so to help improve flavor. This will add a lovely color to your table for your soup course.

*Helen Cupps*

## HEROLD POTATO SOUP

- 4 stalks celery cut fine
- 2 medium sized onions cut fine
- 3 medium sized potatoes cut in  $\frac{1}{2}$  inch cubes

Boil each of the above separately in water to cover. Do not let the potatoes get mushy. Combine all these with 2 cans Campbell's cream of mushroom soup and 3 cups water (chicken or beef stock is better than water). Season with salt and pepper. Let this blend for an hour. Just before serving bring to a boil (do not boil). Drop about 5 croutons (freshly fried in butter) in each bowl just before serving. Serves 12.

### ONION SOUP

(Soup a l'Oignon gratinee)

- |                            |                               |
|----------------------------|-------------------------------|
| 4 large onions             | 1/2 tsp. salt-pepper to taste |
| 3 tbs. butter or margarine | Day old French bread or toast |
| 6 cups stock or bouillion  |                               |
| Grated parmesan cheese     |                               |

Slice onions and cook until transparent (not brown) for a delicate flavor. Pour the stock over the onions and bring to boiling point. Simmer about ten min. and set aside to blend. To serve: Heat to piping hot in casserole. Arrange slices of toasted bread on top and sprinkle the bread with grated cheese. Set in a hot oven just long enough to brown the cheese. Make this in the morning and serve it for your evening meal. It improves the flavor to stand.

- 1/4 cup chopped green pepper
- 1/4 cup chopped whole canned pimientos
- 3 1/2 cups hot cooked rice
- 2 hard-cooked eggs

Fry the bacon in a skillet until crisp. Pour off and save the fat as it cooks out of the bacon. Remove the bacon. Measure 1/3 cup fat back into the skillet. Stir in sugar, vinegar and black pepper. Cook slowly to dissolve the sugar. Add celery seed, onion, green pepper and pimientos. Taste and add sugar if desired. Stir in the rice. Crumble the bacon and stir in. Dice one egg and gently stir in. Serve hot or warm, garnish with the other egg which has been sliced.

## MRS. THOMAS R. MARSHALL'S CHICKEN SALAD

This is the original recipe. I guess you might say it is an historical one. Mrs. Marshall was the wife of Vice-President Marshall with the Wilson administration and they were from our town. It is true Hoosier chicken salad, but shucks, people didn't think it was better than anyone else's. The whipped cream does it.

"Prepare the chicken, place in the kettle whole, and pour boiling water over, allow to boil rapidly five minutes, then place on the back of the stove, allowing to simmer until tender. The last hour the fowl is cooking, place one stick of celery, parsley and one onion, also salt and pepper in the kettle. When tender, remove from the fire and allow it to become cold before cutting. Remove the skin, then cut up and remove the meat from the bones and cut into strips and then into squares; salt and pepper and put away on ice for use.

Have ready one-third as much chopped celery as chicken, salt and pepper, mix with chicken, then add dressing\* just before serving. Before pouring on dressing, stir in a little whipped cream. For a change, add a few almonds or English walnuts, blanched and chopped; also chopped olives."

I put in quite a few nuts and olives.

## SPEEDY KIMCHI

- |                                                   |                                   |
|---------------------------------------------------|-----------------------------------|
| 1 head of Chinese cabbage                         | $\frac{1}{2}$ tsp. Ajinomoto      |
| 2 large Oriental radishes                         | $\frac{1}{4}$ tsp. chopped ginger |
| 1 long green onion                                | 5 tsp. salt                       |
| 2 cloves of garlic                                |                                   |
| 2 tsp. crushed, dried red peppers (without seeds) |                                   |

Cut the Chinese cabbage to bite-size. Wash several times and drain well. Put into a bowl and sprinkle with 3 teaspoons of salt. Let stand for one hour. Wash again and drain. Place the drained cabbage into a bowl.

Wash the radishes and cut into pieces to suit (bite-sized) and add to the cabbage.

Wash, drain and slice the onion and crush the garlic. Add these and all the remaining ingredients to the radishes and cabbage and mix thoroughly. (Your bare hands do the best job.)

Place the mixture into a jar, allow it to stand 24 hours and eat. It goes best as a relish with boiled or fried rice.

*Note:* The seasoning must be adjusted more or less to suit the individual family's taste. In no two families will Kimchi be exactly the same.

## HOW TO USE THE PHILIPPINE VEGETABLES

### SINCAMAS

Peel and serve in various ways.

1. Slice thin in stews, it stays crisp.
2. Slice thin in chop suey.
3. Raw, grated, as salad, with French dressing.

*Riina Iten*

### GREEN PAPAYA

Choose small ones with white flesh. Peel and remove seedy portion.

1. Slice, use in beef stews. Acts as a tenderizer.
2. Small halves, cook until tender in salted water seasoned with bouillon cubes. Fill with hamburger mixture well seasoned and bake until tender. Add catsup or tomato sauce on top.

### TO MAKE COCONUT MILK

Pour 1-2 cups warm water over 1 grated coconut. Squeeze coconut by hand then strain the coconut milk in separate bowl.

### TO MAKE COCONUT CREAM

Do as above only reduce water to  $\frac{1}{2}$  cup.

### COOKIE SUGGESTION

Use left-over coconut pulp from coconut cream or coconut milk by spreading it on a cookie sheet and roast in a moderate oven (350 degrees) until well dried or lightly brown. Use in oatmeal cookie recipes in the place of all or part of the oatmeal.

### COCONUT OIL

Boil in a saucepan pure cream of coconut until a point when the oil is clear. Pour this off and refrigerate as this will go rancid quickly. This oil can be used for deep-fat frying as regular vegetable oils. This can also be used as hair oil.

### LATIK

Boil in a saucepan pure cream of coconut until a point when the oil is extracted and the cheese-like precipitate becomes delicate brown in color. This precipitate is the Latik.

### SINCAMAS PICKLES

- |                            |                       |
|----------------------------|-----------------------|
| 6 cups sliced sincamas     | 3 sweet green peppers |
| 2 cups grated green papaya | 2 sweet red peppers   |
| 2 sections garlic          | 2 hot red peppers     |
| 1 small piece ginger       |                       |

Peel sincamas and slice. Soak overnight in strong salt solution with pinch of alum. Soak grated green papaya also overnight in strong salt solution. Next day wash sincamas and papaya, and drain. Slice garlic, sweet green peppers, red pepper and ginger; then pack in jar with cured sincamas and papaya. Pour over each jarful hot solution of sugar and vinegar, made by boiling 3 parts vinegar to 1 part sugar. Seal tightly.

### PAPAYA PICKLES

- |                             |                                      |
|-----------------------------|--------------------------------------|
| 8 cups grated papaya, green | 2 green peppers, sliced              |
| 1 cup coarse salt           | $\frac{1}{2}$ cup sliced ginger root |
| 1 clove garlic              | 1 cup vinegar                        |
| 20 native onions, sliced    | $\frac{3}{4}$ cup sugar              |
| 2 red peppers, sweet, cut   | 1 tsp. salt                          |

Use papaya with white hard flesh. After it is grated, add coarse salt, work it with hands to remove most of the juice. Soak in vinegar over-night, then press the juice out. Soak the garlic, onion, peppers and ginger the same way. Next day drain them and mix with papaya and pack loosely into jars. Make a syrup of the vinegar, sugar and salt, by boiling. Cool it a little then pour into canning jars. Remove air bubbles. Seal.

## FILLED DOUGHNUTS

Add: 1 cup milk, 2 beaten eggs and when cooled sufficiently, add dissolved yeast. Add 7 to 7 1/2 cups sifted flour and mix into a dough just dry enough to be handled. When smooth, grease bowl and allow to rise in warm place about 1 1/2 hours. Punch down and allow to rise about 45 min. Roll out on floured table and cut with small cookie cutter and allow to rise uncovered about 45 min. Deep fry at 365°, only 3 at a time for about 3 min. each. ## BERLIN DOUGHNUTS

$2\frac{1}{2}$  tsp. yeast  
 $\frac{1}{4}$  cup lukewarm water  
 $\frac{1}{4}$  cup butter  
 $\frac{3}{4}$  cup scalded milk  
Granulated sugar  
1 tsp. salt

2 unbeaten eggs  
 $3\frac{3}{4}$  cups sifted all-purpose flour  
1 tsp. grated orange rind  
1 egg white  
Raspberry or other jam  
Fat or salad oil

In small bowl, sprinkle yeast on to lukewarm water; stir until dissolved. Then melt butter in scalded milk; cool to lukewarm.

In large bowl with mixer at medium speed, blend: dissolved yeast, lukewarm milk,  $\frac{1}{4}$  cup granulated sugar, salt and unbeaten eggs. Add flour a little at a time and then grated orange rind. Beat well. Cover bowl with wax paper, then clean towel. Let rise in warm place until double.

On lightly floured surface, knead dough a few times; then roll  $\frac{3}{8}$  in. thick. Cut into rounds with floured  $2\frac{1}{4}$ " cookie cutter. Brush edge of half of rounds with slightly beaten egg white then place a tsp. of raspberry jam in center of each.

Top jam-topped rounds with rest of rounds, firmly pinching edges together. Arrange them on floured cookie sheets; cover with clean towel; let rise till almost double, and light to the touch.

In deep saucepan, place just enough fat or salad oil to come halfway up the side of it. Heat to  $375^{\circ}\text{F}$ . Fry doughnuts, two or three at a time, turning once, until golden brown and done — 2 to 5 min. Lift out with slotted spoon, and drain on crumpled paper towels. Then roll each in granulated sugar. Makes about 20.

## BLUEBERRY MUFFINS DELUXE

Add alternately to above mixture with  $\frac{1}{2}$  cup milk. Add 1 cup blueberries. Stir only enough to thoroughly mix. Place in well greased muffin tins and bake 25 min. in  $375^{\circ}$  oven.

## DOUGHNUT (BASIC RECIPE)

Sift together:  $3\frac{1}{2}$  cups sifted flour,  $4\frac{1}{2}$  tsp. baking powder,  $\frac{1}{2}$  tsp. cinnamon,  $\frac{1}{2}$  tsp. nutmeg,  $\frac{1}{2}$  tsp. mace, 1 tsp. salt.

Work 3 tbs. shortening with spoon in medium bowl until soft and creamy. Add 1 cup granulated sugar gradually, while continuing to work until light. Add 2 well-beaten eggs; beat well with spoon.

Add flour mixture alternately with 1 cup milk, blending well with spoon after each addition. Add enough of  $\frac{1}{2}$  cup sifted flour to make a soft, easily-handled dough. Chill 1 hour or longer. Roll dough on floured board to  $\frac{1}{2}$  inch thickness, cut out with floured doughnut cutter. (Form trimmings of dough into a ball; roll and cut as above). Fry doughnuts in  $1\frac{1}{2}$  inch fat or salad oil, heated to  $370^{\circ}\text{F}$ . on deep fat thermometer, or until a cube of day-old bread browns in 60 seconds. Fry only as many doughnuts at one time as float easily on fat. As soon as doughnuts rise to surface, turn with long-handed fork. (Do not pierce them.) Turn often until golden and done. Remove with fork; hold over fat a second, drain on absorbent paper. Dust with granulated or powdered sugar, or granulated sugar with a little cinnamon added. Makes about 2 dozen.

## BEST POP OVERS

Heat oven to 375°. Beat 3 eggs in electric mixer. Add 1 cup milk, 3 tbs. melted butter. Continue beating until blended. Gradually beat in 1 cup sifted flour and  $\frac{1}{2}$  tsp. salt. Bake 60 min. Remove from oven and quickly make a slit with very sharp knife in side of each one; this allows steam to escape. Return to oven for 5 to 10 min., until tops are firm and crisp. Then to prevent bottoms to steam or soften lift them out of cups with spatula. Iron muffins tins are the best for this purpose. If not available use Pyrex custard cups placed on cookie sheet. Be sure cups are oiled.

## BREAKFAST MUFFINS

You too can have muffins if you mix them the night before. Muffins for breakfast? "Phooey" I can hear some of our readers snort as they read. But those who want them can have them with unsuspected ease. Simply make up the muffin mixture the night before; spoon it into muffin tins and cover each tin with foil or waxed paper or plastic. Store in the refrigerator. Next morning before you start the coffee, turn on oven to preheat to 400 — start coffee perking, then pop the muffins into the oven.

They'll be baked and ready to serve by the time the family is washed, combed, dressed and at the table fresh and bright eyed as a family should look who make the practice of coming to the breakfast table ready to start the day.

Start with a good recipe — vary it endlessly. In place of dates called for here, substitute moist plump dried figs, raisins or dried currents, nutmeats or chopped fresh apple. If your apples seem to be a bit moist after the chopping reduce the amount of milk in the recipe by about two tablespoons.

A sugary, spicy topping adds interest. For this mix together two or three tablespoons sugar and a half teaspoon cinnamon. Sprinkle over muffins just before baking. Chopped nutmeats, chopped apple or cereal concentrate may be mixed with this cinnamon sugar mixture if desired.

1¾ cups sifted all-purpose flour  
2 tablespoons sugar  
2½ teaspoons baking powder  
¾ teaspoon salt  
½ to ¾ cup fruit (dates, figs, raisins, currents, apple or other)  
1 egg  
¾ cup milk  
1/3 cup salad oil or melted shortening

Grease 12 muffin cups or line with fluted paper muffin tin liners. Preheat oven to hot, 400 degrees F.

Sift dry ingredients together onto waxed paper. (Cut dates or figs into coarse pieces — if raisins or currents seem dry and hard, plump them a few minutes in warm water and drain well — dice peeled apples into quarter-inch cubes or a bit smaller.) In mixing bowl beat egg and add milk and oil. Beat to mix. Add dry ingredients and prepared fruit all at once and stir quickly only until moistened.

## BREAKFAST MUFFINS (continued)

*Important:* Too much stirring has ruined more muffins than most cooks care to contemplate. Stir only about ten "stirs" — mixture should — look rough and lumpy. Now spoon mixture into prepared muffin pans scraping the dough off the spoon with a rubber scraper and filling pans  $\frac{2}{3}$  full. NEVER stir the dough more while spooning into muffin tins. Pour into muffin tins. Bake in preheated hot oven, 400 degrees F. 20 to 25 minutes — until lightly golden on top and until a wooden pick inserted in center of one muffin comes out clean. Serve immediately with butter or margarine. Makes one dozen muffins in two-inch muffin tins.

To make the night before to bake next morning, simply cover filled muffin tins as suggested above and refrigerate. Baking time will be three or four minutes longer for refrigerated dough. Left-over baked muffins freeze beautifully. Just wrap in foil and freeze in home freezer. Reheat in foil in moderate oven, 350 degree F. until just heated through, about 10 minutes.

## FRENCH BREAD

- 2 cups scalded milk (powdered milk — 4 tbsp. per cup water)
- 1 cake yeast (2½ tsp.)
- 1 tsp. sugar
- 2 tsp. salt

Enough sifted flour to make a smooth dough (about 6 cups)

Scald milk and cool to lukewarm. Dissolve yeast, sugar and salt in the lukewarm mixture — add sufficient flour gradually to make a stiff dough. Turn out on lightly floured board and knead till smooth. Place in greased bowl, cover and let rise till doubled in bulk. Punch down and let rise again. Knead well. Divide dough into equal portions, shape into long loaves about 2 inches in thickness (make four loaves). Sprinkle sesame seed over board and roll the loaf till the seeds stick — place on baking sheets and make diagonal cuts half way across each loaf, about half way through. Let rise till doubled in bulk. Place in hot oven (400 degrees) and bake for 15 minutes. Then lower to 350 degrees till loaves are crisp — about 10 minutes before removing from oven brush loaves with mixture of beaten eggs and water.

## HOME-MADE DOG BISCUITS

(This recipe came into being in 1959 when, due to import control, lack of dollars, etc., etc., the canine population was deprived of one of its best-loved foods — dog biscuits. One woman started using it in Manila, thought it tops for her pups and gave it to me — so I give it to you dog lovers.)

- ¼ kilo hamburger or liver
- 1 can bouillon
- 3½ cups oatmeal
- 3½ cups flour
- 3 grated carrots
- 1 tsp. codliver oil
- 1 bud garlic, chopped
- 1 small onion, chopped
- Salt to taste for your dog

Form in shape of bones, length of your forefinger and thick as your thumb. Bake 2 hours in low temperature.

Your pooch will love you for them!

## TORTILLAS (WHITE FLOUR)

Flour, shortening and water in the proportions of your favorite biscuit recipe. While the Mexicans omit it, I prefer salt also. Roll dough into balls the size of a golf ball or smaller. Roll out on a floured board, as round as possible. Cook on dry or salted griddle, turning often. Do not overcook, or tortillas will be too crisp to roll around some beans. After this cooking, the tortillas may be fried in deep fat for use with tacos or toasted and spread with Black Bean Soup (heated but not dilluted) as Tostados.

## BROILED PRAWNS

Prawns  
Lemon or calamansi juice

Dot with butter. Place under broiler (about 5 or 6 inches below broiler) and broil for 12 to 15 min. Keep a close watch on them to avoid burning. They should be golden and slightly browned.

Sauce:

| 2 tbs. chopped chives<br>(optional) | $\frac{1}{2}$ tsp. sugar |

Dredge disjointed frying chicken pieces first in flour and then in the sour cream sauce, coating all over thoroughly. Place pieces in baking dish, sprinkle with paprika and bake in oven at 350°F. for 1 hour or until chicken is cooked and browned nicely. This recipe for sauce should be increased according to the size of your chicken. Always allow for plenty of sauce.

## MEAT, CHEESE AND SAUCES

"Jack Sprat could eat no fat, His wife could eat no lean  
And you see betwixt them both, They licked the platter clean."

### BEEF AND CURRY ROLL

|                          |                         |
|--------------------------|-------------------------|
| 3 tbs. salad oil         | 1 cup thick cream sauce |
| 1/2 cup chopped onion    | 2 cups sifted flour     |
| 1 lb. ground beef        | 1/2 tsp. salt           |
| 2 cups chopped mushrooms | 2 tsp. baking powder    |
| 2 tsp. salt              | 4 tsp. butter           |
| 1/2 tsp. pepper          | 1/2 cup white wine      |
| 1 tbs. curry powder      | 1 egg yolk beaten       |

Heat oil in a skillet; saute the onion, beef and mushrooms for 10 min., stirring frequently to prevent lumps from forming. Add the salt, pepper, curry powder and cream sauce to the meat. Mix well and set aside to cool.

Preheat oven to 400°. Sift flour, salt and baking powder into a bowl; cut in the butter. Stir in the wine until a ball of dough is formed. On a lightly floured surface roll out the dough in a rectangle, 1/3 in. thick. Spread the beef mixture over it and roll up like a jelly roll. Seal the edges well with water or egg white and brush the top with the egg yolk. Place on a buttered baking pan. Bake for 35 min. or until browned. Can be served hot or cold; plain or with a sauce made with 1 cup sour cream mixed with 1/4 cup chutney. Good as a meal dish and also as "something different" for cocktails. Serves six for a meal.

## VEAL BIRDS

- |                                                               |                                   |
|---------------------------------------------------------------|-----------------------------------|
| 4 slices veal cutlets, about<br>1/2 in. thick                 | 1/2 tsp. salt                     |
| 1 cup soft bread crumbs (as in<br>turkey or chicken dressing) | 1/8 tsp. pepper                   |
| 2 tbs. chopped onion                                          | 1 tbs. melted butter              |
| 1 tbs. chopped parsley                                        | 1 cup water                       |
| 2 tbs. chopped celery                                         | 2 tbs. flour                      |
|                                                               | 1 cup cream or evaporated<br>milk |

Combine bread crumbs, chopped onion, parsley celery, salt and pepper. Spread this mixture on veal slices, roll up and fasten each one with tooth picks or skewers in such a manner that the crumb mixture will not spill out.

Melt butter in a skillet, add the meat rolls, and brown well on all sides. When browned sufficiently remove from the skillet and place in a baking dish or casserole.

To the skillet add one cup of water and bring to a boil, scraping the brown from the bottom and sides of the skillet as it heats. Pour this over the meat rolls and bake in a moderate oven (350°F.) for 30 min.

Mix the flour with the cream or evaporated milk to make a smooth paste, pour over the meat rolls and continue baking for another 30 min. Remove the tooth picks before serving.  
I very often substitute 1 can of cream of mushroom soup for the flour and cream mixture.

| 4 sprigs parsley, minced finely | 1 bay leaf              |
| 1 1/2 tsp. salt                 | 1/4 tsp. thyme          |

Remove the imperfect leaves from the outside of a large cabbage, and wash it carefully. Place the cabbage on a rack over the sink and pour gradually over it a large kettleful of boiling water, while gently separating the leaves. While the cabbage is draining, prepare the following stuffing:

Blend together the veal, pork, shallots, garlic, parsley, salt and pepper.

Arrange a few pieces of string crisscross on a board, place the cabbage on the string, and carefully insert the stuffing between the leaves. When the stuffing is all used, tie the strings around the cabbage and close it carefully. Heat 2 tbs. butter in a saucepan large enough to hold the cabbage, add 1 large onion, finely chopped, and 2 large carrots, sliced. Place the stuffed cabbage over this bed of vegetables, pour 1 cup meat stock into the saucepan, and add 1 bay leaf and 1/4 tsp. thyme. Cover the saucepan tightly, place it over a very low fire, and allow the contents to simmer gently for 2 1/2 to 3 hrs. or until the meat is tender. Carefully remove the cabbage onto a heated platter and surround it with the onions and carrots. Serve very hot.

## HOME CURED HAM

- 1 well-shaped pork leg
- 1 kilo market salt
- 1 ounce salt peter
- 1½ kilo brown sugar
- 1 ounce liquid smoke
- large plastic bag
- stainless steel ice pick or long pronged cooking fork
- 1 hypodermic syringe with largest needle
- string and cloth or sugar sack

Note: Be conservative about the salt peter that you use. It is better to use less than too much as too much might be toxic. Use only in the above proportions. One ounce of salt peter is enough for even a large ham. It helps to dehydrate the meat and also gives the reddish color to the ham. Use as much salt mixture as pork will absorb.

If a large ham, you may need more but be sure it is in this proportion. Select well-shaped pork leg with ½ to 1" covering of fat.

(We buy Landrace pork leg). Ask butcher to remove skin and all bones carefully, making sure that leg is not damaged, but remains well shaped. Use skin for chicharon and bones for broth.

### Process No. 1: (10 days)

Wash pork all over with cold water. Then using ice pick (or fork) poke holes all over meat. Mix 1 kilo market salt with 1 ounce salt peter and rub this over entire ham, reaching down into crevices and holes left where bones were removed. (If you cannot get this entire amount on your ham, save it for the next time, but keep the proportion the same.) Now wrap pork in a large piece of cloth. (large enough to wrap around it several times) and tie securely with heavy string, running the string around and around and over and over each end, shaping the pork into a ham shape as you tie the string. Place on a rack in the coldest part of refrigerator (not the freezer) and leave it for 10 days. (We put ours in the meat dish). The salt and salt peter will cause the pork to lose excess moisture and for the first two or three days you will need to empty the blood and salt water that collects. It is good idea to turn the ham over about every day also.

## Process No. 2: (10 days)

After the pork has been curing in the salt for 10 days, remove it from the cloth and wipe off any salt that may be un-absorbed. Fill your hypo syringe with liquid smoke and inject into the pork leg, using about 1 ounce for a 6 to 8 kilo ham....more if you like a smokier flavor. Make sure that you distribute the smoke fairly evenly all over the ham, remembering to inject the ends and sides as well as the fat. After the smoke has been injected, rub the ham thoroughly with brown sugar, again making sure to put plenty into the holes where bones were removed. We use from 1 to 1½ kilos of sugar depending upon the size of the pork leg, and how much the meat will absorb. We are very generous with the brown sugar. Again wrap the ham in the cloth fastening securely in the same manner as before shaping the meat as you fasten the string. Place your ham in one large plastic bag that will not leak. (This prevents the smoke and sugar from leaking out and making everything in your refrigerator smell like smoke). Fasten the plastic bag tightly and place in refrigerator for another 10 days.

To cook: Soak the ham overnight in cold water, completely immersed. Remove water and throw it away. Now your ham is ready to cook according to your favorite recipe. In general, cook a whole ham 25-30 minutes per lb., one half ham 30-35 minutes per lb., or to meat thermometer temperature of 160 degrees, baking at 325 degrees.

You will want to glaze with your favorite recipe. Total cooking time for ham is around 3½ to 4 hours, slightly longer than US tenderized ham. Enjoy your ham .... and think how proud of yourself you will be!

*Local Note:* D & S now carries the liquid smoke. You may want to use a little more than 1 ounce. Suit your own taste.

*Kay White.*

## BAVARIAN LIVERDUMPLINGS

|                                  |                        |
|----------------------------------|------------------------|
| 125 grams liver (pork or beef)   | 1 small onion          |
| 1—2 slices bread, soaked in milk | 1 egg                  |
| breadcrumbs                      | salt, pepper, marjoram |

Soak bread in milk, squeeze and put through meat grinder, together with liver and onion. Mix with egg and season. Add breadcrumbs to make a dough firm enough to form dumplings, but not too firm. Form small dumplings with wet hands and simmer in salt water or meat broth approximately 15 to 20 minutes (depending on size). If salt water is used, put dumplings in clear hot soup, garnish with chooped parsley and serve.

Simmering the dumplings in the meat broth will give a richer soup, but not so clear as usually small pieces of the dumplings come off during cooking.

The same recipe, if doubled, and by forming larger dumplings, can be used for liver dumplings to be served with Sauerkraut Barvarian style.

## MRS. JOHNS' SCALLOPED CHICKEN

This unusual recipe combines chicken, stuffing and a rich sauce. Utterly delicious, it will serve 12, is perfect for a buffet supper.

First step: put a 5 lb. hen in; a large pot with a carrot, a sliced onion, 2 tsp. salt and 2 qts. boiling water. Let it cook very slowly 2½ hours or until meat begins to leave bones. Let bird cool in its own liquid. When cool, take out and pull meat off bones and the skin off the meat. Put skin thru the meat chopper and cook giblets in salted water until tender.

Second step: while the hen cooks, make stuffing. Crumble 1½ loaves two-day-old white bread. (Save crust to grind up and use other ways.) Melt ½ cup butter in very heavy skillet. Cut up 6 sprigs parsley, 1 med. onion and 2 large pieces celery, their tops, too. Cook vegetables in melted butter over low fire for 5 min. Then mix into bread crumbs lightly with a fork to keep dressing fluffy. Grind the cooked giblets and mix in. Add 1 tsp. salt, good dash white pepper and 1 tsp. of poultry seasoning. Finally mix in 6 tbs. of chicken broth, no more or your dressing will be heavy.

Third step: The sauce. Skim the fat off the top of chicken broth and melt 1 cup in large heavy saucepan. If you do not get that much fat, though you should, make up the difference with butter. Heat 4 cups chicken broth and 1 cup milk together but do not boil. Stir 1 cup of sifted flour into melted fat until smooth. Add broth and milk mixture gradually, stirring constantly. Add 2 tsp. salt. Cook until very thick, stirring all the time. When cooked, beat 4 eggs slightly and mix in a little of the sauce. Then combine sauce and eggs and cook over low fire another 3 or 4 min. but keep stirring. When you take it off stove add chicken skin.

Fourth step: Grease one large or two small casseroles. Put stuffing in the bottom carefully. Pour over it one half the sauce. On top of this, cut up the chicken meat with scissors into nice pieces. Add remaining sauce. Take 1 cup dry bread crumbs and toss in 4 tbs. melted butter. Sprinkle on top. Put casserole in moderate oven 375° and bake 20 min. or until crumbs are a golden brown and scalloped chicken is piping hot all the way through.

Let stand 15 min. Put in a saucepan with water and salt to taste and simmer until the meat is tender and most of the liquid has evaporated. Slice the hard-boiled eggs, vienna sausage and chorizo. Fry the cooked chicken and chorizo in butter until brown. Remove from pan and place in pasterlera (or pyrex serving dish) with remaining sauce. Arrange the sliced eggs, peas and Vienna sausage on top of the chicken, then let cool.

## CANNELLONI

Blend together into a smooth paste:

1-1/3 cups flour

Roll the dough out very thinly and cut it into 3 1/2 in. squares. Cook the squares in boiling salted water for 8 min. or until they are tender but somewhat firm. Drain and place them on a cloth.

Make a filling as follows: Saute 6 chicken livers with 1 onion and 1 clove garlic, both finely chopped, in 3 tbs. butter for about 5 min. or until they are delicately colored. Put the mixture through the fine blade of the meat grinder with 1 1/2 cups diced cooked veal or chicken and season with 1/4 tsp. thyme and salt and pepper to taste. Blend the mixture with two eggs. Put a little of this filling on each square of paste and roll each one to form a tube. Arrange the Cannelloni side by side, in a large shallow baking dish. ## IRISH STEW CASSEROLE

\*Not a true Irish stew, but was named by a Hungarian lady who gave the recipe to my mother. This recipe will serve 4-6 people and can easily be varied at will. In 1½ or 2 qt. casserole place:

- a layer of hamburger (about ½ lb.)
- a layer of sliced raw potatoes (1 or 2 potatoes)
- a layer of sliced raw carrots (1 or 2)
- a layer of sliced raw onions (1 or 2)

Salt and pepper each layer and sprinkle 1/3 cup rice over the top. Fill to the top of ingredients with water. Cover and bake at 350° for 1½ hours, or until rice and vegetables are cooked. Uncover for the last ½ hour or more if much liquid remains. This should not be soupy but will be very moist, like stew.

## CHINESE SPRING ROLLS

May be made with ham, chicken, pork, veal, or shrimp. Good as HOR D' OEUVRES, if small, or as part of dinner. The doilies may be made, placed in stacks with cornstarch sprinkled between, and kept in freezer. Or the filled spring rolls may be frozen.

### Doily, or Wrapper, Batter

Beat 2 eggs with  $2\frac{3}{4}$  cups water, add gradually 2 cups flour. Beat until smooth. Grease a 7 in. skillet lightly with oil, heat skillet (medium hot). Pour about  $\frac{1}{4}$  cup batter in skillet, swish around and pour off excess, leaving a very thin layer in pan. Leave it on heat just until set, one minute or less. Remove from pan and continue with others. Makes about 4 dozen doilies.

### Spring Roll Filling

In 1 tbs. oil, saute slightly 2 cups bamboo shoots in strips lengthwise. Add 3 cups uncooked bean sprouts (or 1 can drained — 1 lb. in weight). Heat thoroughly. Add 2 tbs. soy sauce (less if using American) and continue to saute shoots and sprouts a few seconds. Remove from pan. Reheat pan, add 1 tbs. oil, and saute 2 tbs. onion and  $\frac{1}{2}$  cup dried mushrooms, cut in strips. Remove from pan. Dredge 1 lb. lean uncooked pork, ground (or other meats) with a mixture of 1 tbs. soy sauce, 1 tbs. sherry, 1 tbs. cornstarch, and 1 tsp. salt (less salt or none at all with ham). Reheat pan, add 1 tbs. oil and saute the dredged meat thoroughly.

Add cooked vegetables and 1 tbs. ground ginger, or  $\frac{1}{8}$  tsp. dried. Cool. Spread  $1\frac{1}{2}$  tsp. meat mixture on each doily. Turn up bottom over filling, fold in edges, and roll. Moisten edges of doily with a mixture of 1 tbs. cornstarch and  $\frac{1}{2}$  cup water. Fry rolls in hot oil 390°F. until brown. Drain. One recipe of filling makes about 45 to 50 rolls.

Cheese  
Tomatoes

Lettuce  
Ground beef  
Canned spaghetti sauce

Grate cheese in advance. Chop tomatoes and lettuce. Brown ground beef in approximately 1/2 cup water (with onions optional). Drain liquid from pan and add spaghetti sauce. Avoid adding too much sauce, just enough to flavor. Add seasonings and set aside. Melt 1/2 inch of shortening in skillet. Hold taco with tongs, one at a time and lower into hot grease (do not let the grease become too hot). As soon as taco is soft, using tongs fold in half but do not let the 2 halves meet or you will be unable to fill with ingredients. As soon as the taco is crisp on both sides remove from heat and let drain on paper towel. Add ground beef, cheese, tomatoes, lettuce and hold together with toothpick.

## BOSTON CREAMS (CANDY)

3 c. sugar granulated

2 c. canned (condensed) milk — not the sweetened condensed

Brown 1 cup sugar in frying pan. Completely dissolve it over very low heat—it is very easily burned. Pour over 1 cup heated canned milk and stir till thoroughly dissolved. Pour in one cup sugar and stir till dissolved.

Pour in last cup of warm milk and stir till thoroughly mixed. Pour in last cup sugar and cook till you can draw the spoon through the mixture and it leaves an open space in the mixture behind the spoon.

Remove from heat and beat till thick enough to drop by teaspoonsfuls on waxed paper.

*Jo Willis*

This is especially for German chocolate cake. When pecans are not available, walnuts are very good.

## POPCORN BALLS

- |                         |                              |
|-------------------------|------------------------------|
| 5 qts. popped corn      | 1 1/2 tsp. salt              |
| 2 c. sugar              | 1 1/2 tsp. vanilla (or lemon |
| 2/3 c. white corn syrup | flavoring)                   |
| 2/3 c. water            | coloring (optional)          |
| 1/2 c. butter           |                              |

Take the 5 qts. of popped corn, salt it lightly and place in a warm oven as it should be fairly warm when syrup is poured over it.

Combine the sugar, corn syrup, water, butter and salt in a saucepan. Bring to a boil and boil slowly (without stirring) until syrup will crack and sound brittle on the edge of cup when dropped into cold water. (Pour a few drops into a cup of cold water and let set a few second and pick up lump of syrup and slap against side of cup. It is sufficiently cooked when the lump sounds brittle against the cup.) Remove syrup from heat, add flavoring and coloring and mix well. Pour syrup in a small steady stream over warm popcorn. Stir popcorn well with a long, wooden spoon until all syrup is coated on popcorn. Rub palms well with melted butter and pick up small amounts of mixture and press together into balls. (Do this lightly and try not to compress the balls too tightly.) This can also be pressed into molds, or cone-shaped paper cups or other shapes desired. Dry on waxed paper. These store well in a dry place but will get sticky and fall apart in too much dampness. Yields about 3 doz.

## Spots And Stain Removal Chart

Here's the way to get those stains when they first appear:

**BLOOD** — Fresh blood stains are set by hot water. To remove from washable material soak in cold water for 30 mins. Then launder. If traces still remain use chlorine bleach. On old stains use Iodide of Potassium dissolved in four times its own weight of water. On non-washable materials sponge with cold water or a mild solution of soap.

**INK** — On washable materials, the article may be dipped in melted tallow and when stain has been absorbed the tallow may be removed in boiling soap suds.

**INK** — When ink is spilled on rug, put salt on in thick layer immediately. This will absorb ink. Then brush it up and use a stain remover.

**LIPSTICK** — On washable material, launder in hot soapy water and remove any stain remaining with a chlorine bleach. On non-washable materials, apply carbon tetrachloride with a saturated cloth and press a blotter on the stain. Repeat this process until the stain disappears.

**MERCUROCHROME** — Launder washable materials in hot soapy water and remove any remaining stain with a chlorine bleach. Mercurochrome is very difficult to remove from non-washable materials. Take it to your cleaner and tell him the nature of the stain.

**GRASS** — Rub spot on washable materials with heavy soap-suds and remove any remaining stain with chlorine or hydrogen peroxide bleach. Sponge grass stain on non-washable material with wood alcohol.

**CHEWING GUM** — On all fabrics, moisten cloth with carbon tetrachloride and scrape off with a dull knife.

**GLUE** — Wipe the spot with white vinegar.

**FRUIT** — Stretch washable material over a bowl and pour boiling water through the stain. Use chlorine bleach if necessary. On non-washable materials use an equal mixture of ammonia and alcohol to loosen, then brush with alcohol until stain is removed.

**CHOCOLATE** — Rinse and let soak in cold water.

**SCORCH** — Soap and water. Bleach in sun.

**BALL POINT INK** — Use denatured alcohol to remove ink from clothing. Test synthetic fabrics first for damage from alcohol.
